Integration Strategy

Imagine Workflow

Determine how an integration would fix pain points in your workflow. Understand vendor capabilities.

Assess Readiness

Audit your current schedule creation and management workflow.

Prioritize Smartly

Solve critical bottlenecks first. What is causing the biggest issue today?

Define Outcomes

Set measurable goals.

Governance Matters

Establish oversight early and ensure you include all stakeholders in UAT.

Integration Approach

ADT/Care Team Assignments

Display the patient census and associated clinician roles

User Provisioning/ Authentication

Automatically create users and control their ability to access the product

Scheduling

Display on-call providers to streamline internal comms

SIP/PBX (Telephony)

Turn our application into an extension of your internal PBX network (including extension dialing)

Advanced Integrations

Deliver alerts from nurse call, telemetry, orders (STAT, consult), results (radiology, lab), etc.

Customer Perspective: Prisma Health

Integrations Catalog

PerfectServe's integrations catalog showcases more than a dozen integrations.

Each catalog entry details the:

- Overview of the integration and its capabilities
- Practical benefits of the integration and how it improves care team workflows
- Integration protocols for a more complete look at technical requirements
